Independent auditors' report on review of condensed consolidated interim financial information

To the Board of Directors of
Khaleeji Commercial Bank BSC
Manama
Kingdom of Bahrain

Introduction

We have reviewed the accompanying 30 June 2022 condensed consolidated interim financial information of Khaleeji Commercial Bank BSC (the "Bank") and its subsidiaries (together the "Group"), which comprises:

- the condensed consolidated statement of financial position as at 30 June 2022;
- the condensed consolidated income statement for the three-month and six-month periods ended 30 June 2022;
- the condensed consolidated statement of changes in equity for the six-month period ended 30 June 2022;
- the condensed consolidated statement of cash flows for the six-month period ended 30 June 2022;
- the condensed consolidated statement of changes in restricted investment accounts for the six-month period ended 30 June 2022;
- the condensed consolidated statement of sources and uses of zakah and charity fund for the six-month period ended 30 June 2022; and
- notes to the condensed consolidated interim financial information.

The Board of Directors of the Bank is responsible for the preparation and presentation of this condensed consolidated interim financial information in accordance with the basis of preparation and presentation as stated in note 2 of this condensed consolidated interim financial information. Our responsibility is to express a conclusion on this condensed consolidated interim financial information based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Auditing standards for Islamic Financial Institutions and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying 30 June 2022 condensed consolidated interim financial information is not prepared, in all material respects, in accordance with the basis of preparation and presentation as stated in note 2 of this condensed consolidated interim financial information.

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL INFORMATION
for the six months ended 30 June 2022

1 Reporting entity

Khaleeji Commercial Bank BSC (the “Bank”), a public shareholding company, was incorporated on 24 November 2004 in the Kingdom of Bahrain under Commercial Registration No. 55133. The Bank operates under an Islamic retail license granted by the Central Bank of Bahrain (“CBB”). The Bank is listed on the Bahrain Bourse.

85.41% (2021: 69.06%) of the ordinary shares of the Bank are held by GFH Financial Group BSC (the “Parent”), a Bahraini incorporated investment bank operating under an Islamic wholesale banking license issued by the Central Bank of Bahrain (“CBB”) and listed on Bahrain Bourse, Boursa Kuwait, Dubai Financial Markets (“DFM”) and Abu Dhabi Securities Exchange (“ADX”).

The condensed consolidated interim financial information comprises financial information of the Bank and its subsidiaries (together the “Group”). As of 31 December 2021, KHCB Board was committed to a plan to transfer assets amounting to BD 55.62 million to Infracorp BSC (c) under the terms of the program and BD 4.5 million to its asset management investors (as in-kind consideration). The plan included transfer of two subsidiaries. On 15 March 2022, transfer of assets was executed and assets as per the plan were transferred in exchange of sukuk of BD 54.17 million (refer note 11).

2 Basis of preparation and presentation

The condensed consolidated interim financial information of the Group has been prepared in accordance with Financial Accounting Standards (FAS) issued by the Accounting and Auditing Organisation of Islamic Financial Institutions (AAOIFI) and applicable rules and regulations issued by the Central Bank of Bahrain (“CBB”).

In line with the requirements of AAOIFI and the CBB rule book, for matters not covered by AAOIFI standards, the Group takes guidance from the relevant International Financial Reporting Standards (“IFRS”) issued by the International Accounting Standards Board (“IASB”). Accordingly, the condensed consolidated interim financial information of the Group has been presented in condensed form in accordance with the guidance provided by International Accounting Standard 34 – ‘Interim Financial Reporting’, using ‘Financial Accounting Standards’.

The accounting policies used in the preparation of annual audited consolidated financial information of the Group for the year ended 31 December 2020 and 31 December 2021 were in accordance with FAS as modified by CBB (refer to the Group’s audited financial statements for the year ended 31 December 2021 for the details of the COVID-19 related modifications applied). Since the CBB modification were specific to the financial year 2020 and no longer apply to both the current and comparative periods presented, the Group’s interim financial information for the six months ended 30 June 2022 has been prepared in accordance with FAS issued by AAOIFI (without any modifications).

These consolidated financial information are presented in Bahraini Dinars, being the functional and presentation currency of the Bank, rounded to the nearest thousand [BD ‘000], except where otherwise indicated.

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL INFORMATION
for the six months ended 30 June 2022

2 *Basis of preparation and presentation (continued)**Comparatives*

The condensed consolidated interim financial information is reviewed, not audited. The comparatives for the condensed consolidated statement of financial position have been extracted from the audited consolidated financial statements for the year ended 31 December 2021 and comparatives for the condensed consolidated statements of income, changes in equity, cash flows, changes in restricted investment accounts and sources and uses of zakah and charity fund have been extracted from the reviewed condensed consolidated interim financial information for the six months ended 30 June 2021.

3 **Significant accounting policies**

The accounting policies and methods of computation applied by the Group in the preparation of the condensed consolidated interim financial information are the same as those used in the preparation of the Group's last audited consolidated financial statements as at and for the year ended 31 December 2021, except for those arising from adoption of the following standards and amendments to standards effective from 1 January 2022.

I. New standards, amendments, and interpretations issued and effective for annual periods beginning on or after 1 January 2022**FAS 38 Wa'ad, Khiyar and Tahawwut**

AAOIFI has issued FAS 38 Wa'ad, Khiyar and Tahawwut in 2020. The objective of this standard is to prescribe the accounting and reporting principles for recognition, measurement and disclosures in relation to shariah compliant Wa'ad (promise), Khiyar (option) and Tahawwut (hedging) arrangements for Islamic financial institutions. This standard is effective for the financial reporting periods beginning on or after 1 January 2022.

Further, the standard prescribes accounting for constructive obligations and constructive rights arising from the stand-alone Wa'ad and Khiyar products.

There was no material impact on Group upon adoption of this standard.

II. New standards, amendments, and interpretations issued but not yet effective**1) FAS 39 Financial Reporting for Zakah**

AAOIFI has issued FAS 39 Financial Reporting for Zakah in 2021. The objective of this standard is to establish principles of financial reporting related to Zakah attributable to different stakeholders of an Islamic financial Institution. This standard supersedes FAS 9 Zakah and is effective for the financial reporting periods beginning on or after 1 January 2023 with an option to early adopt.

This standard shall apply to institution with regard to the recognition, presentation and disclosure of Zakah attributable to relevant stakeholders. While computation of Zakah shall be applicable individually to each institution within the Group, this standard shall be applicable on all consolidated and separate / standalone financial statements of an institution.

This standard does not prescribe the method for determining the Zakah base and measuring Zakah due for a period. An institution shall refer to relevant authoritative guidance for determination of Zakah base and to measure Zakah due for the period. (for example: AAOIFI Shari'a standard 35 Zakah, regulatory requirements or guidance from Shari'a supervisory board, as applicable).

The Group is assessing the impact of adoption of this standard.

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL INFORMATION
for the six months ended 30 June 2022

3 *Significant accounting policies (continued)***2) FAS 1 General Presentation and Disclosures in the Financial Statements**

AAOIFI has issued the revised FAS 1 General Presentation and Disclosures in the Financial Statements in 2021. This standard describes and improves the overall presentation and disclosure requirements prescribed in line with the global best practices and supersedes the earlier FAS 1. It is applicable to all the Islamic Financial Institutions and other institutions following AAOIFI FAS's. This standard is effective for the financial reporting periods beginning on or after 1 January 2023 with an option to early adopt.

The revision of FAS 1 is in line with the modifications made to the AAOIFI conceptual framework for financial reporting.

Some of the significant revisions to the standard are as follows:

- a) Revised conceptual framework is now integral part of the AAOIFI FAS's;
- b) Definition of Quasi equity is introduced;
- c) Definitions have been modified and improved;
- d) Concept of comprehensive income has been introduced;
- e) Institutions other than Banking institutions are allowed to classify assets and liabilities as current and non-current;
- f) Disclosure of Zakah and Charity have been relocated to the notes;
- g) True and fair override has been introduced;
- h) Treatment for change in accounting policies, change in estimates and correction of errors has been introduced;
- i) Disclosures of related parties, subsequent events and going concern have been improved;
- j) Improvement in reporting for foreign currency, segment reporting;
- k) Presentation and disclosure requirements have been divided into three parts. First part is applicable to all institutions, second part is applicable only to banks and similar IFI's and third part prescribes the authoritative status, effective date and amendments to other AAOIFI FAS's; and
- l) The illustrative financial statements are not part of this standard and will be issued separately.

The Group is assessing the impact of adoption of this standard and expects changes in certain presentation and disclosures in its consolidated financial statements.

4 Financial risk management

The Group's financial risk management objectives and policies are consistent with those disclosed in the last audited consolidated financial statements for the year ended 31 December 2021.

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL INFORMATION
for the six months ended 30 June 2022

5 Estimates and judgements

Preparation of condensed consolidated interim financial information requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates. The areas of significant judgments made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were similar to those applied to the audited consolidated financial statements as at and for the year ended 31 December 2021.

Russia-Ukraine conflict

The current ongoing conflict between Russia-Ukraine has triggered a global economic disruption and has, amongst other impacts, led to increased volatility in financial markets and commodity prices due to disruption of supply chain which may affect a broad range of entities across different jurisdictions and industries.

The management has carried out an assessment of its portfolio and has concluded that it does not have any direct exposures to / from the impacted countries. However, potential for indirect exposures continue to exist. At this stage it is difficult to quantify the full impact of this conflict since it depends largely on the nature and duration of uncertain and unpredictable events, such as further military action, additional sanctions, and reactions to ongoing developments by global financial markets. The management will continue to closely monitor impact of this evolving situation on its portfolio to assess indirect impact, if any. As at 30 June 2022, the Group does not have a material impact of this conflict.

In December 2020, May 2021 and December 2021, the CBB issued regulatory directives to extend the concessionary measures, i.e. holiday payments to customers till end June 2021, December 2021 and June 2022 respectively. However, customers were charged profits during this holiday payment extension period, and hence the Group did not have any significant modification loss as a result of these extensions. The Group has provided payment holidays on financing exposures amounting to BD 21,634 thousand for the third deferral (January 2021 to June 2021), BD 41,780 thousand for the fourth deferral (July 2021 to December 2021), and BD 18,138 thousand for the fifth deferral (January 2022 to June 2022).

Further, the CBB issued another regulatory direction in June 2022 to discontinue the instalment deferral program after the 5th deferment, which ended on 30 June 2022 and the COVID-19 pandemic concessionary measures that were issued in 2020.

Murabaha is net of deferred profits of BD 20,666 thousand (2021: BD 16,957 thousand).

11 Assets held-for-sale

GFH Group is carrying out a group restructuring program (the 'program') which involves the spinning off of its infrastructure and real estate assets under a newly established entity "Infracorp B.S.C (c)" ("the Company"), which will be capitalized with more than US\$1 billion in infrastructure and development assets. Infracorp will specialise in investments focusing on accelerating growth and development of sustainable infrastructure assets and environments across the Gulf and global markets.

Under this program, certain real estate and infrastructure assets will be transferred from the group entities, including the Bank, to Infracorp for an in-kind consideration in the form of Sukuk and/or equity shares issued by Infracorp.

The Board of Directors of KHCB, in its meeting dated 6 May 2021 had approved the consolidation and aggregation of its real estate and infrastructure exposures by offering a structured exit to its asset under management investors through a combination of cash and in-kind consideration.

As of 31 December 2021, the Group had acquired shares in and assets held by various real estate entities under management amounting to BD 22.27 million, which was part of the assets to be transferred to Infracorp.

The shareholders in their annual general meeting dated 24 March 2022 approved the transfer of the Bank's development properties and investment in real estate up to USD 200 million (BD 75.4 million) to Infracorp for an in-kind consideration in the form of Sukuk and/or equity shares issued by Infracorp.

As of 30 June 2022, KHCB transferred assets amounting to BD 54.171 million to Infracorp under the terms of the program and BD 4.3 million are part of a committed plan for transfer to its asset management investors (as in-kind consideration). As of 30 June 2022, the settlement process is pending the requisite regulatory approvals for separation of title deeds. In addition, the Group entered into sale contracts for sale of investments in real estate with carrying value of BD 3 million. Accordingly, these assets were classified as held-for-sale.

The above transfers are subject to requisite corporate and regulatory approvals and are expected to be concluded within 12 months of the end of the reporting period. Of the total assets held-for sale BD Nil (2021:BD 965 thousand) is attributable to NCI.

The Bank issued a Subordinated Mudaraba (Basel III compliant Additional Tier 1 capital securities) of face value of US\$ 159 million (BD 60 million). Such capital was raised in order to meet minimum regulatory requirements relating to total equity as prescribed by Central Bank of Bahrain. The carrying value is net of issuance costs.

The Subordinated Mudaraba is recognized under the owners' equity in the condensed consolidated interim statement of financial position and the profits paid to rab al-maal (security holder) are accounted for as appropriation of profits.

Summary of key terms and conditions are as follows:

- Profits on these securities shall be distributed on a semi-annual basis subject to and in accordance with terms and conditions on the outstanding nominal value of the securities at an expected rate of 10% p.a.
- Security holder will not have a right to claim the profits and such event will not be considered as event of default.
- In the event of non-viability, the certificates will be converted either in full or in part on a pro rata basis in accordance with the terms of the certificate which require conversion at the fair value of the Bank's share at the time of such non-viability event.
- The Certificates carry a call option after 5 years from the date of issue, subject to approval of the Central Bank of Bahrain.

Litigations and claims

In the normal course of business, legal cases are filed by the Bank against its customers and against the Bank by its customers or investors. The Group's legal department engages with in-house legal counsel and external legal counsel depending on the nature of the cases. A periodic assessment is carried out to determine the likely outcome of these legal cases and is reported to the senior management and Board of directors.

18 *Commitments and contingencies (continued)*

Based on the advice of the Bank's external legal counsel, the Board of Directors is of the opinion that the Group has strong grounds to successfully defend itself against these claims. No further disclosures regarding contingent liabilities arising from any such claims are being made by the Bank as the directors believe that such disclosures may be prejudicial to the Group's legal position.

19 Appropriations of net profit, if any, are made only after obtaining approval of the shareholders.

26 Financial instruments

a) Fair values

Fair value is an amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction.

The fair value of quoted Sukuk carried at amortised cost (net of impairment allowances) of BD 326,208 thousand (31 December 2021: BD 323,846 thousand) is BD 313,565 thousand as at 30 June 2022 (31 December 2021: BD 333,124 thousand).

In case of financing assets and lease receivables, the average profit rate of the portfolio is in line with current market rates for similar facilities and hence after consideration of adjustment for prepayment risk and impairment charges it is expected that the current value would not be materially different to fair value of these assets. The estimated fair values of the Group's other financial instruments are not significantly different from their carrying values due to their short-term nature.

b) Fair value hierarchy

The table below analyses the financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets and liabilities.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

26 *Financial instruments (continued)**Other financial instruments*

Placements with financial institutions and placements from financial institutions are for short term tenure hence their carrying value is not different from the fair value. Placements from non-financial institutions and individuals which are not short term are re-priced at regular intervals hence carrying value approximates its fair value. Fair value of other financial assets and liabilities are not significantly different from their carrying values due to their short term nature.

27 **Regulatory ratios***a. Liquidity Coverage Ratio (LCR)*

LCR is computed as a ratio of Stock of HQLA over the Net cash outflows over the next 30 calendar days. As of 30 June 2022, the Bank maintained LCR of 120.52% (31 December 2021: 177.58%) which is above regulatory minimum of 80% applicable until 30 June 2022.

b. Net stable funding Ratio (NSFR)

The objective of the NSFR is to promote the resilience of Banks' liquidity risk profiles and to incentivise a more resilient banking sector over a longer time horizon. The NSFR limits overreliance on short-term wholesale funding, encourages better assessment of funding risk across all on-balance sheet and off-balance sheet items, and promotes funding stability. NSFR as a percentage is calculated as "Available stable funding" divided by "Required stable funding".
